GENERAL REPORT OF THE BOARD OF GOVERNMENT.

The Board of Government has pleasure in presenting to the members, to interested friends, and to the public a report of the Union's work for the fifty-seventh year, ending March 31, 1908.

Of far the greatest interest in the general story of the year's work is the retirement from active administration of our beloved and honored President, William H. Baldwin. Mr. Baldwin was called to the Presidency of the Union in April, 1868, on its reorganization after the Civil War, and for nearly forty years has filled the position with distinction and honor to himself and with untold and unmeasured value to young men and to the community. Early in the year, Mr. Baldwin asked to be relieved from his active duties, and on July 1 was permitted to retire as President Emeritus, the Board of Government recording its appreciation of his long and efficient service by placing upon its records the following testimonial:—

“Since April 15, 1868, Mr. Baldwin has held the office of President of the Boston Young Men's Christian Union, and only the lengthening of fourscore years would suffer him to lay down the service or induce the Board of Directors to yield to his desire to retire from the active leadership. His wise counsel and assistance will still be given to the Union, and his name, heading the list of the members of the government, will continue to occupy the place which his long and faithful devotion to the interests of the society has so well merited.

“Mr. Baldwin loves the Union, and is beloved by all its members. To every young man who entered its doors

his hand was outstretched in welcome, and he sought to follow every member in his career with words of cheer and encouragement and with friendly advice and assistance, so that those who came as boys should in the passing of the years go forth into life to do worthily and honorably the duties of men. In his labors for the Union he has been constant and untiring, he has won for it the cordial appreciation and support of the public, and by his spirit and enthusiasm he has made men and women not simply willing, but glad to become co-workers in the cause which he has espoused.

“His fellow-members on the Board of Government cannot let this occasion pass without testifying their personal affection and obligation to him for his unvarying kindness and assistance, and recording their sense of the great value of the work which he has done in the building up of this society and bettering and ennobling the entire community in which he has lived so long with universal esteem and honor.”

Mr. Frank L. Locke, of the Board of Government, was unanimously chosen to succeed Mr. Baldwin, and entered upon the active duties of his office September 1. Mr. Locke has been connected with the Union as a member since 1879, a Director since 1888, and brings to his new position valuable business experience as well as familiarity with the Union's affairs obtained from his long and intimate connection with the work. We bespeak for him the loyal support of every member of the Union, as well as the cordial interest and backing of our many good friends and the public.

The Board has also to record the great loss sustained during the past year by the Union in the death of its honored Secretary, Mr. George Peirce. He was one of our earliest and most active members, having been a

Director since 1869 (with the exception of three or four years) and our Secretary since 1892—a long and efficient service.

Mr. W. Rodman Peabody was elected to fill the vacancy on the Board caused by the death of Mr. Peirce, and Mr. Edward A. Church, long one of our Directors, succeeds to the Secretaryship.

The Boston Young Men's Christian Union was instituted in 1851, and incorporated under its present name in 1852.

1851. Sept. 17, 1851, almost fifty-seven years ago, the foundation of the society was laid. After twelve successful years, its work was interrupted by the Civil War.

In April, 1868, a complete reorganization was effected, rooms were secured at 12 West Street, and active work resumed. The rooms soon proving too small
1868. for the purposes of the society, larger ones were taken in the fall at what was then 300 Washington Street, corner of Suffolk Place, where the whole building above the first floor was eventually occupied. These premises also proving inadequate, it became necessary to move again. In the spring of 1874 a suitable lot of land having been found, a public appeal was made for funds with which to purchase the land and erect a new building. By the generosity of friends the necessary amount with which to begin the work was speedily secured.

The present building was completed and dedicated March 15, 1876. By the munificent legacy of eighty
1876. thousand dollars from the late Joseph B. Eaton, a Life Member, supplemented by other generous gifts, the society was enabled in 1879 (Decem-

ber 10) to hold its building free from all indebtedness. In 1882, on account of constantly growing needs, enlargement of the building was deemed necessary.

1883. Numerous friends promptly responded to an appeal; and an addition to the building was completed, and dedicated May 28, 1883.

The chief aim of the officers of the society is to make the Rooms, in all that the word implies, a home for young men; to offer every possible attraction in the shape of books, papers, games, pleasant companions, evening classes, public religious services, lectures, entertainments, and other means of instruction and recreation.

AIMS AND OBJECTS.

Boarding and lodging house lists are provided. An active employment department assists those applying to find work. Direction is given those desiring to connect themselves with churches. The gymnasium affords opportunity for physical development under the competent instruction and guidance of its medical director and officers. Committees visit the sick in their homes and lodgings, arrange for the distribution of clothing to young men needing such assistance, and in many similar ways befriend and cheer those in need and trouble.

Special effort is made to interest the members themselves in the kind of work for which the Union stands. Many of them heartily respond to the invitations to assist individually or as members of the various Committees, and derive much satisfaction and pleasure from participation in the work.

SPECIAL WORK.

Without losing sight of its particular work, the Union has always been ready to discharge its duty to the community by such general benevolent work as may come within its scope. In this special field the officers and members have

been greatly assisted by committees of ladies and gentlemen especially interested. The well-known "Country Week," "Rides for Invalids," and the "Christmas Festival" for needy children are among the now regularly established departments of the Union's more general benevolent work.

A story of the work somewhat more in detail will be found in the reports, which follow, of the various committees having charge of the different departments.

All persons interested in the Union and wishing to aid by contributions, by professional services as teachers, by engaging in its charitable and benevolent work, or in any other way, will confer a favor by communicating with any of the officers or committees, or proffering their assistance at the Rooms.

STATEMENT BY THE TRUSTEES OF THE PERMANENT FUND.

It will be a source of great pleasure to interested friends, as it has been to the Board of Trustees, to note the Union's continued helpful work for young men as recorded in the reports of the several departments presented herewith.

Sometimes one is led to measure the success of an institution by statistics alone. True success, however, is not bounded by figures. It is impossible to judge in a complete degree from a written report the work actually accomplished. The influences daily brought to bear upon the lives of young men, the stimulus to right living and right thinking presented by the various activities, must bear fruit in the development of character and citizenship.

We bespeak for this very practical enterprise the same hearty support accorded in the past, and earnestly hope for the time when generosity in donations and legacies shall have so increased the Permanent Fund that the institution may be self-supporting.

It is with great regret that we announce the resignation of Mr. William Endicott as treasurer of the Permanent Fund. Mr. Endicott asked to be relieved at the close of the year from this special duty which he has so faithfully performed for over twenty-five years. The Union is to be congratulated, however, that he consents to remain on the Board of Trustees, continuing his extremely valuable service as friend and counsellor. Mr. Endicott will be succeeded as treasurer by Mr. Walter Hunnewell.

REPORTS OF THE COMMITTEES OF THE BOARD OF GOVERNMENT.

COMMITTEE ON FINANCE.

In presenting its report of the year's receipts and expenditures, the Committee wishes first of all to express a sincere and hearty appreciation of the continued interest and generous financial support of the Union's many friends. This material and very necessary interest in our work for young men is fully appreciated not only by the Board of Government and officers of the Union, but also by the young men themselves. Hearty words of appreciation from the members are frequent, and could they be transmitted to our generous donors, would prove to them a very gratifying recognition of their interest.

The Committee hopefully looks forward to the time when the permanent fund shall have so increased that the income from it will suffice to care for the current expenses over and above the receipts from the regular membership fees, rentals, etc. Until that time we must continue to depend upon the interest and generosity of our good friends, and the extent of our work must be limited thereby.

To meet the need for rather extended renovation and refurnishing of portions at least of the building, and to

provide for much-desired extensions in all departments, makes essential a material increase in the income for general purposes. The Committee would much like to feel that in the next year there might be added to the list of donors one hundred each contributing one hundred dollars, or at least that a corresponding increase in income might be realized.

**ANNUAL
INCOME.**

Donations should be sent to Frank L. Locke, President, Boston Young Men's Christian Union, 48 Boylston Street, for which prompt acknowledgment will be made.

The financial statement by the Treasurer, William L. Richardson, is presented herewith.

COMMITTEE ON LECTURES, CLASSES, AND ENTERTAINMENTS.

In this department of the Union work the season has been a full one. An unusual

The classes have continued as before under able and experienced teachers, and a goodly number of young
CLASSES. men and women have improved their opportunities for study and culture. No competition with established schools is attempted, but our purpose is to give direction and assistance to those who lack leisure for more thorough courses of study. While extended comment might be made along the various lines of this interesting work, the Committee is contented to "point with pride" to the lists which follow, and to ask our members to come and see for themselves during the opening season.

Acknowledgments are perennially in order for the distinguished services so generously rendered to the Union by men and women of note in our community,—services which continue to be gratefully appreciated by both our members and the public.

It has been the custom during "Anniversary Week" to specially invite clergymen and others visiting the city to accept the hospitality of the Union
PUBLIC ANNIVERSARY RECEPTION. rooms. Our building has been generally thrown open for their inspection and convenience, and on Wednesday evening a public reception has been held. This re-

ception has afforded opportunity for members to meet prominent visitors from out of town as well as to enjoy a pleasant social evening among themselves. It has come to be distinctly an occasion for renewing old acquaintance, and many members active in the earlier days of the Union take occasion at this time to visit the rooms, finding much pleasure in meeting old friends and talking over the old times.

The special reception occurred this year on Wednesday evening May 22. In the President's Office and Directors' Room from eight to nine o'clock the Board of Government held a somewhat informal reception. On the main floor the First Corps Cadets' Orchestra furnished a pleasing musical programme. In The Union Hall the Brown University Glee Club, assisted by Mr. Percy Jewett Burrell, reader, provided an attractive programme of songs and recitations. In the Gymnasium there was carried on throughout the evening an informal exhibition of physical exercises and gymnastic work. Music by the Union Orchestra, Mr. Ashton Lewis, conductor, added to the lively character of the entertainment in this department. Specimens of the work done in the various educational classes were shown in the class-rooms. All the different departments of the building were thrown open for inspection. A large reception committee of members was busy throughout the evening showing visitors about and otherwise looking to the pleasure of the many guests, contributing much to the success of the occasion. Very attractive floral decorations were contributed by the Union's good friend, Mr. Thomas F. Galvin, and added materially to the appearance of the rooms.

On Thursday evening, October 24, the opening of the winter campaign was signalized by a reception, ladies'

night, and promenade concert. The building throughout was open for inspection, and cordial invitations were ex-

In The Union Hall the officers of the Board of Government received the guests of the evening, who were presented by an efficient corps of ushers. In the receiving line were President Frank L. Locke and Mrs. Locke, Vice-President H. H. Sprague and Mrs. Sprague, Secretary George Peirce and Mrs. Peirce, while other members of the Board of Government assisted in general in the entertainment of the many visitors. Light refreshments were served in the Eaton Hall from an attractive tea table presided over from time to time by a committee of ladies, wives, and friends of the Trustees, Directors, and members. Music was furnished during the evening by the First Corps Cadets' Orchestra, and the occasion proved a particularly pleasurable one.

A list follows of the twenty-eight evening classes, the various entertainments, special lectures, and popular course of Practical Talks.

COMMITTEE ON LIBRARY.

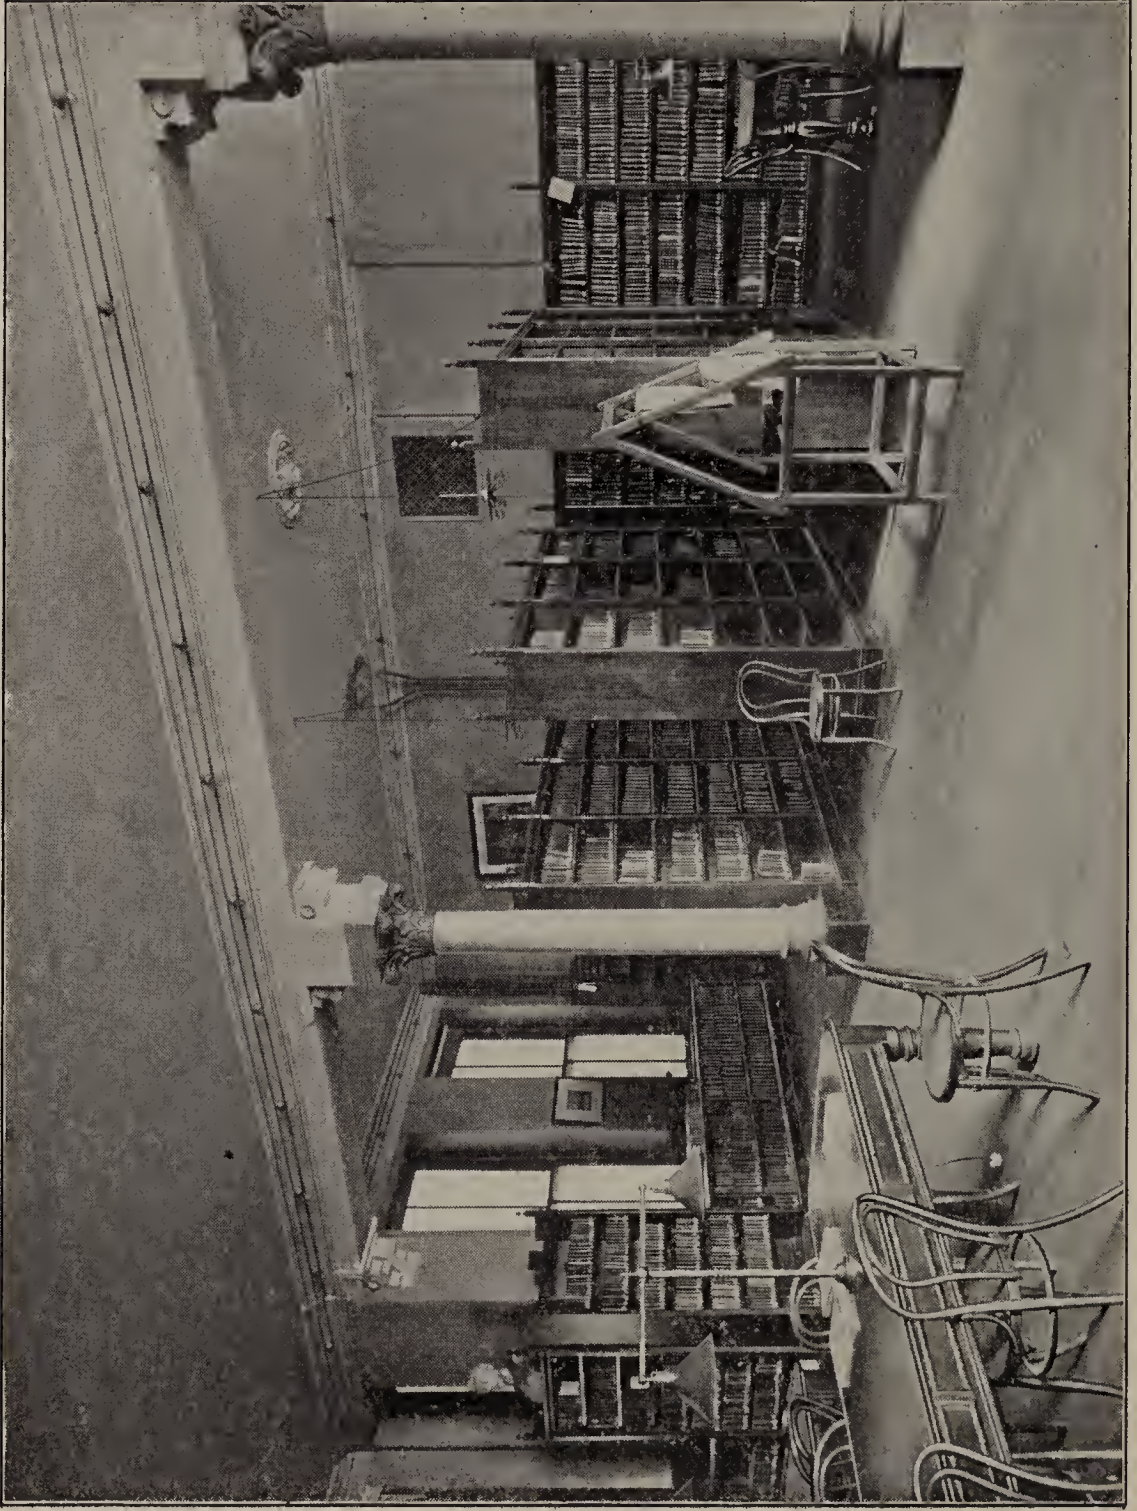

In addition to his duties as Assistant to the President, Richard Ray, Jr., has continued in charge of the Library, and the following report by him shows the general condition of this department during the year:—

One hundred and forty-three periodicals have been received regularly during the year; twenty-two dailies, sixty-one weeklies, one bi-monthly, fifty-two monthlies, and seven quarterlies.

Duplicate copies of six of the monthly magazines were prepared for home reading as soon as received. That they were appreciated is attested by the following record of the circulation: "Century," 273; "Harper's," 357; "Scribner's," 337; "Outing," 169; "New England," 67; and "Atlantic," 72,—a total of 1,275.

MAGAZINES FOR HOME READING.

CORNER IN LIBRARY.

The regular work of the year in this department has "pursued the even tenor of its way" in comparative smoothness, adding to its shelves a selection from the best books published during the year, and providing attractive illustrated magazines and periodicals for its tables.

Open every day from 9 A.M. to 10 P.M., its atmosphere of welcome and cheerfulness has been shared by many.

The work of caring for the books, cataloguing, classifying, shelving, and all the minor details necessary in every library in order to keep up its standard of usefulness, has had the careful attention of the Librarian and his assistants.

The growing demand for books in the reference department and the increasing number of readers who use the books and periodicals in the room, has been noted by your Committee. The system of open shelves insures quick service, develops in our young men a capacity for seeking for themselves books wanted, and also calls to their attention works in other fields of literature which oft-times leads to a liberal education.

"The four institutions which form the corners of the foundation of modern civilization are the church, the law, the school, and the library." The library working with the school, supplementing by its opportunities for the cultivation of the reading habit the education of the individual, is an important part of the work of this institution.

It aims to attract all young men and to bring them in touch with the best books of ancient and modern thought and wisdom without too much formality, and to encourage reading and study.

President Eliot, of Harvard, says, "As a means of life-long intellectual growth and of defence or refuge from the inevitable ills of life, there is nothing better than good books, even although one's daily occupation leaves but a few minutes for reading."

Manuscript lists of new books added to the Library were posted as soon as the books were placed on the shelves, and in the Union Bulletin, published semi-weekly during the busy season, lists of these latest additions were printed.

The principal collections in the Library are located as follows:—

OFFICE.

COMMITTEE ON ROOMS.

To those unfamiliar with the Union and its work a brief description of the building and its various departments may be of interest. The building is situated on the southerly side of Boylston Street, just east of Tremont Street, adjoining the Hotel Touraine, opposite the Masonic Temple, and overlooking the Common. On Boylston Street it has a frontage of 43 feet, on the sides and rear abutting 104 feet on Tamworth Street, 125 feet on Lowell Court, and 46 feet on Boylston Square, from which direct access is had to Washington Street. The location is a central one, within easy walking distance of both North and South Union Stations and near the Boylston Street entrances of both the Tremont Street and Washington Street Subways, while nearly all the various lines of surface cars either pass the door or near by on Tremont or Washington Street.

Entrance to all departments is through the Reception Room and Office at the head of the first flight of stairs from Boylston Street. This office contains the desks of the heads of the principal departments, and here the business of the society is transacted, strangers and others desiring information are received, and such attentions are afforded as are in the power

of the Union to furnish. Comfortable chairs, reading and writing tables, files of the leading dailies, a telephone, facilities for checking bundles and garments, and similar conveniences are provided.

The rooms are open every day, including Sundays, from eight o'clock A.M. to ten o'clock P.M., and it is estimated that in the more active season (October to May) from 1,600 to 2,200 young men visit the Union Rooms daily.

On the Boylston Street front and connecting with the Reception Room and Office are the rooms for games, where facilities are afforded for chess, checkers, dominoes, bagatelle, pool, and other games. From the rear

of the Reception Room and Office, extending into the large L, is the Library and Reading Room. Windows on three sides furnish an abundance of daylight, while well-designed incandescent desk and cornice lamps furnish light for the evening hours. The Library Room has a capacity for from forty thousand to fifty thousand volumes, and, with the exception of the Public Library, is the largest reading-room in Boston, being one hundred and twelve feet long and having five thousand square feet of floor space.

LIBRARY.

Writing as well as reading tables are furnished, and the Study, opening from the Library, is supplied with books of reference, accessible to members at all times.

THE STUDY.

At the rear of the Reception Room and Office is the President's Office and Directors' Room, connecting also with the Library, and commanding a view of the entire floor.

PRESIDENT'S OFFICE.

PRESIDENT'S OFFICE AND DIRECTORS' ROOM.

TOILET ROOM. The Toilet Room, complete with lavatories and baths, is down one flight of stairs from the rear of the Reception Room.

GYMNASIUM. The Gymnasium, another flight below, on the ground floor, with light and air on every side, is 136 feet in length, and covers 6,200 superficial feet, exclusive of dressing-rooms, or in all, over 10,000 feet. It is the largest gymnasium in the city. Large dressing-rooms are provided, fitted with commodious lockers, both free and private, a slight charge being made for the latter; and adjoining are bath-rooms with shower, sponge, douche, needle, and tub baths, supplied with hot and cold water.

TERMS. Members of the Union by the payment of **seven dollars per year** are entitled to the use of the Gymnasium at all times when open.

Four dollars per year entitle them to its use after seven o'clock P.M.

BICYCLE CHECK-ROOM. A Bicycle Check-Room, with an entrance on Lowell Court, has been opened for the free use of members of the Union and the Gymnasium.

Above the Reception Room and reached by a stairway from that room and also from the main entrance stairway are the parlor, and connecting committee and class-rooms, as well as the Eaton **EATON HALL.** Hall, named for our benefactor, the late Joseph B. Eaton. This hall seats one hundred and twenty-five people, and, if desired, may be connected directly with The Union Hall.

The Parlor is in the front of the building, overlooking the Common. The furnishings are simple and

Over the Library, reached by the main stairway from Boylston Street, and also from the Reception Room through Eaton Hall, is The Union Hall.

THE UNION HALL. The hall is furnished with folding chairs, neatly upholstered in leather, and with the gallery is capable of seating five hundred. It has an emergency exit on Boylston Square. There is a ticket office on the street floor, which may be used in connection with the hall, when desired.

THE STAGE. The stage is thirty-six feet wide and thirty-nine feet deep, with a proscenium twenty-one feet, and is the largest private stage in the city. It is provided with modern and appropriate fire-proof scenery and an asbestos fire curtain.

The Union Hall is admirably adapted for concerts, lectures, and dramatic performances. The hall and stage are fully equipped with electric lights, and connecting with the stage are large and convenient ante-rooms and dressing-rooms, with a separate entrance from Boylston Square.

The hall is used for the larger gatherings, for religious services, lectures, entertainments, and other public purposes of the society, and is also let for similar purposes, when not required by the Union.

Norcross Hall, in the rear of the building, is lighted by windows opening on Boylston Square. It has a large

This hall was named in memory of the late Hon. Otis Norcross, Trustee, Treasurer of the Permanent Fund, and true friend of the Union.

COMMITTEE AND Committee, Class, and Assembly
CLASS ROOMS. Rooms, as well as other smaller rooms, furnish accommodations for the many branches of work undertaken, as occasion requires.

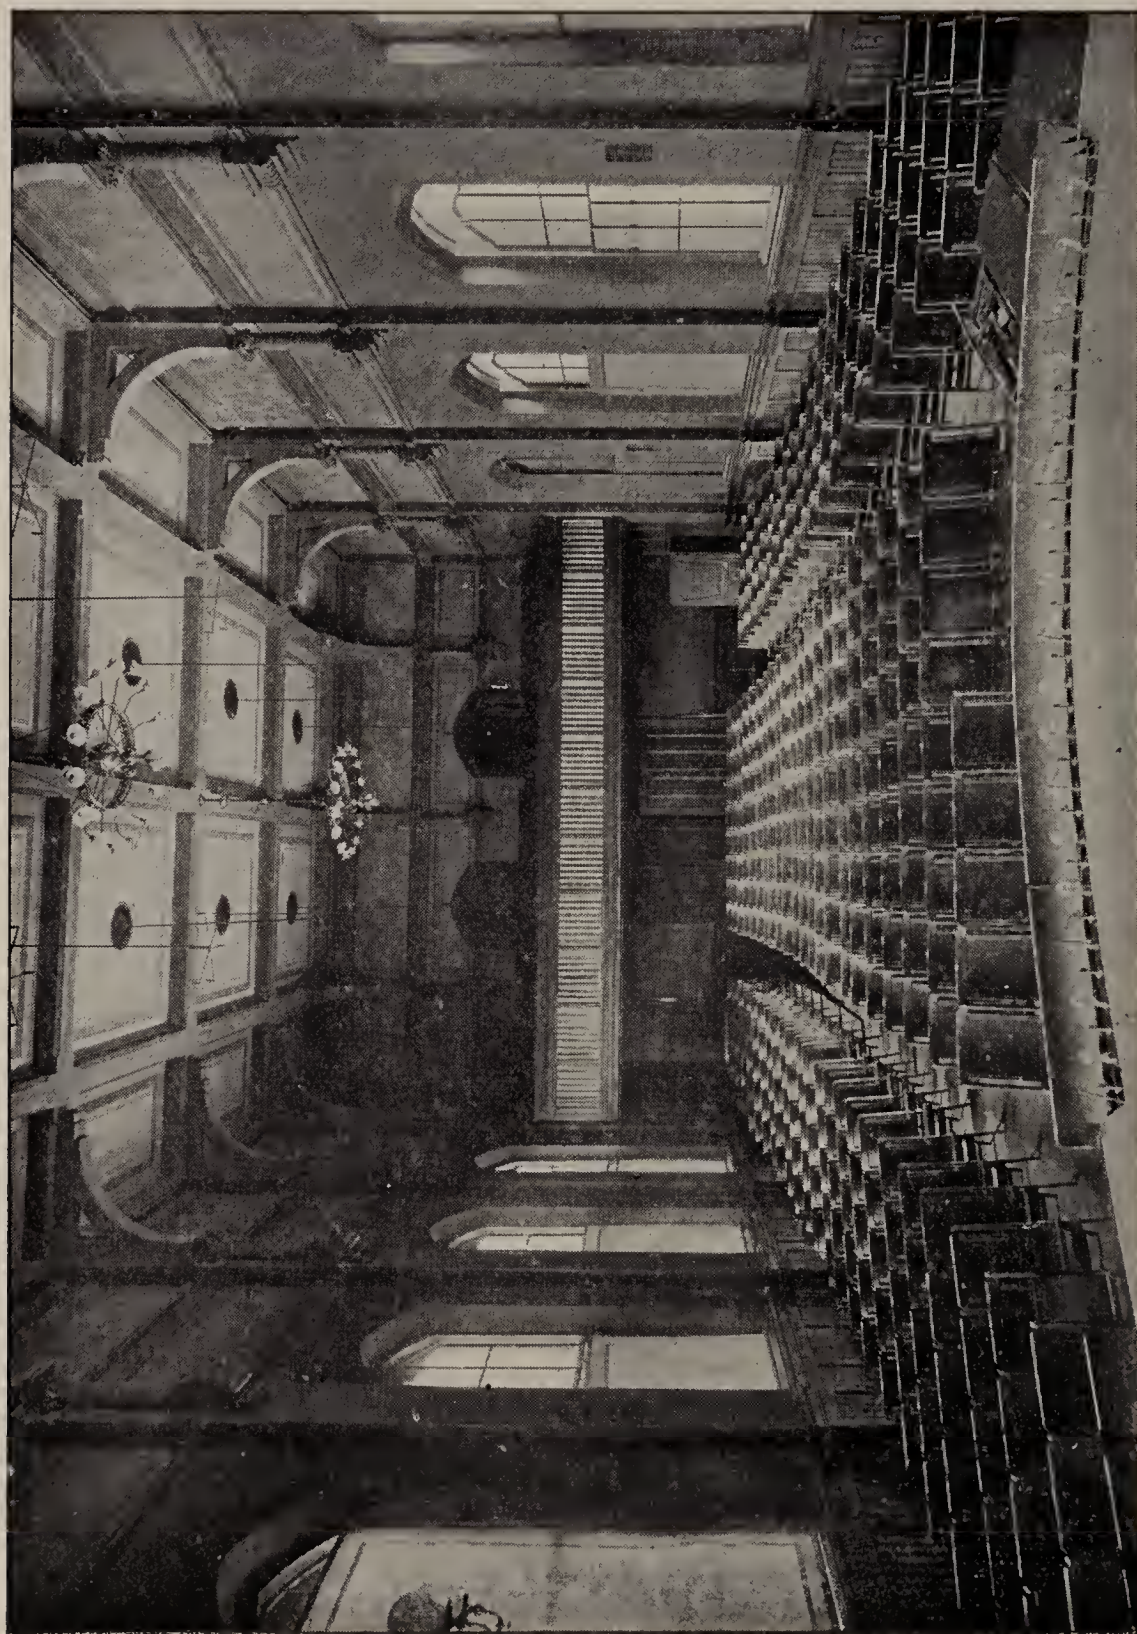

During the year no extraordinary repairs to rooms or building have been necessary, and no radical changes have been made in the use of the various rooms. On the main floor some slight rearrangement has been made by which the front room has been transformed into a room more especially for games, while the Reception Room has been made more of a sitting-room.

The large membership, the constantly changing requirements of the various branches of the work undertaken, together with the opportunity ever present for the undertaking of important new lines of work, keeps before the Committee the necessity for some radical reconstruction of the present building or the erection in the near future of a new one.

No special changes have occurred during the year in the personnel of the administrative staff. The work

as for the past few years, and the Committee has pleasure in recording its appreciation of their continued faithful service. To their devotion to

COMMITTEE ON MEMBERS.

This Committee has so long contented itself with a commonplace recital of information regarding the membership that readers must have decided that "Membership Committee" was only another name for "Bureau of Statistics" and the Committee's only function that of setting forth with mathematical accuracy the number of members.

The Young Men's Christian Union should be a "Union," not in the sense that it is a gathering of individuals who join because it provides the means for carrying out their own personal aims and purposes, but rather in the sense that it is a society of young men bound together by a desire for mutual benefit,—a society in which those of like tastes, habits, or ambitions, may meet in helpful fellowship, exchanging thoughts and ideas and forming friendships of advantage to all. This broader influence can be attained only through the efforts of the members themselves. Your Committee, no matter how active it may be, can accomplish little in this direction without the hearty co-operation of every member. On the members, then, this task largely rests.

We appeal for the interest of the members at large in the general welfare of the institution and in the extension of its influence. We urge hearty co-operation in arousing and maintaining this interest and in making our Union more helpful, more widely influential, and a still greater source of pride to its members. This with your help we can do. With-

out it we cannot. To assist in the development of this fellowship, this comradeship, the following sub-committee of members has been appointed, and a system of application blanks for those desiring membership has been inaugurated, so that we may know about the men who compose our organization, something more than is indicated by a mere name on our books.

A COUNTRY WEEK SCENE.

COMMITTEE ON BENEVOLENT ACTION.

The benevolent spirit of the Union is exercised in various directions, such as the Employment Bureau, the care of the sick, the distribution of clothing, and the Thanksgiving Dinner. Its organized efforts, however, are particularly concerned with three special enterprises, "The Country Week," "Rides for Invalids," and "The Christmas Festival," every one of which has been made so widely known that any extended notice seems superfluous in this general report.

"The Country Week" has become a country fortnight for as many of Boston's poor children as we can secure

COUNTRY the means of providing for, and during
WEEK. the summer of 1907 it was made possi-

ble to extend its benefits to 2,084 persons.

It is a "labor of love," where sentiment and sense are happily combined to produce both immediate and enduring benefits.

It is impossible here to name the many who have aided in this children's holiday, but all of these "cheerful givers" have the grateful appreciation, not only of the management, but also of the children themselves, who owe their summer happiness to these generous friends. The faithful men and women who have given their services as members of the special committee merit especial mention for their self-sacrificing labors:—

The usual special report of the Country Week, with interesting details and illustrations, may be had on application.

Rides for Invalids means trips on harbor boats and electric cars. It means carriage drives and conveyance between home and hospital. It means health and cheer to hundreds of tired and feeble folk, and a sense of gratitude in many humble hearts to the unseen providers of all these health-helping agencies.

The Christmas Festival gives pleasure every year to about six hundred and fifty needy children, and also, it is hoped, to those who contribute to it. It was celebrated on Saturday afternoon, December 28, in The Union Hall, where a generous entertainment was provided for the little ones, with cake and ice-cream galore. As usual, before leaving the building every child received a carefully selected parcel of substantial gifts, well calculated to extend the Christmas cheer through the winter. Our friends made generous contributions to this Festival, but, for the first time in our experience, the supply fell short of the demand, and a deficit resulted,—a unique item in the Union's book-keeping.

READY TO SERVE THE THANKSGIVING DINNER.

Thanksgiving Day the tables were spread in The Union Hall for the fortieth time, and over two hundred of our members partook of the good things set before them, certainly not without a sense of thankfulness towards

**THANKSGIVING
DINNER.**

those who had provided so hospitable a feast. President Locke was at the head of the table, and before him were the representatives from nine foreign countries and as many of the United States, but they all brought Yankee appetites.

Mr. Locke opened the after-dinner exercises, presenting the hearty greeting of the President Emeritus, Mr. Baldwin, which was cordially reciprocated by the whole company later. Mr. Locke then spoke upon the duty of the Union and its members in the development of character, and afterwards introduced Mr. Nathaniel C. Fowler, Jr., who gave an entertaining talk on "Courtesy."

The following-named friends of the Union made generous donations: J. Reed Whipple & Co., Parker House, poultry and plum puddings; also from Young's Hotel, poultry; George G. Hall, Adams House, poultry, pastry, cake; S. S. Pierce Company, desserts in full variety; P. & J. Besse, also Charles J. Hill, ice-cream; Jones, McDuffee & Stratton Company, use of crockery and glass ware; Cobb, Bates & Yerxa, sugar, butter, etc.; David Whiting & Sons, butter and milk; Oriental Tea Company, coffee; Hiram Ricker & Sons Company, Poland Spring water; Samuel A. Neill, spices; Geo. H. Ellis Co., printed menus; flowers from Wax Brothers; cash contributions were also received.

The Committee of Arrangements consisted of George N. Faught, Arthur V. Howland, Winfield L. Nourse, Leon H. Whitehouse, Philip A. Myrick, Archie C.

Allingham, Albert C. Pond, Herbert C. Bronsdon, Richard Ray, Jr., of the members, and Frank L. Locke, Edward A. Church, and William H. Brown, of the Board of Government.

EMPLOYMENT BUREAU. The Employment Bureau has continued to do good service under the excellent management of Mr. Bronsdon, and this is its showing for the year:—

Applications for employment	699
Applications for employees	332
Sent to places	380
Places filled	325

Mr. Bronsdon has also had charge of the Union's wardrobe, which has clothed many a poor fellow, and Mr. Dalton has kept our Board and Lodging Registers up to date.

Most of our benevolent work has had the advantage of Miss E. S. Johnson's supervision. She has directed and managed the "Country Week" and "Rides for Invalids," but has also been invaluable in connection with the Christmas Festival and other Union activities.

The report of this department would not be complete without our annual acknowledgment to the friends who have furnished the means to carry on our work. Without such friends the Union could not exist, but, having them, with gratitude for the past and with confidence in the future we "press toward the mark."

COMMITTEE ON PUBLIC WORSHIP AND RELIGIOUS STUDY.

While the general aim of the work of the Union is to provide wholesome instruction, entertainment, and recreation, it is the duty of this Committee to look particularly to the moral and religious culture of the young men.

The importance of a connection with some church is urged upon members, and aid is given in obtaining seats in the particular churches which they desire to attend.

On Sunday evenings public services of an entirely non-sectarian character are held in The Union Hall, usually in the form of a vesper service
SUNDAY SERVICE. with special musical programme, and occasionally illustrated lectures of a religious character are given.

This season, beginning January 1, the usual short vesper service sermon has been replaced by addresses by prominent laymen on ethical and moral subjects pertinent to the public and civic life of the times. The course was announced as one on "Character and Citizenship: Christian Ethics applied to Citizenship, Business, and Society." It was opened on Sunday evening, January 5, by Charles
CHARACTER AND CITIZENSHIP. W. Eliot, LL.D., President of Harvard University, and the various addresses proved particularly interesting and instructive.

The special musical programmes up to January 12 were in charge of Mr. George Mendall Taylor, who for so many years has faithfully and earnestly served

the Union as musical director. On Mr. Taylor's retirement the services of the Commonwealth Male Quartette, Mr. Otto E. Lewis, director, was secured. The very attractive programmes provided added materially to the success of the Sunday evening exercises.

The Union is indeed fortunate in the interest taken in its religious work by the clergymen of the city and immediate neighborhood, and fortunate, too, in the very hearty interest shown by the more prominent laymen of the community, as evidenced by their willingness to give their time and effort to prepare and deliver for the benefit of our young men such valuable and timely addresses as have made up the very interesting course of the season. The Committee has pleasure in publicly expressing the heartiest appreciation and thanks for this distinguished service.

In accordance with our long-standing custom the usual invitation was extended to clergymen of different denominations who were to be in Boston and vicinity during the summer vacation season to leave their addresses with the President. This

THE GYMNASIUM.

COMMITTEE ON PHYSICAL CULTURE.

The Committee on Physical Culture takes pleasure in recording another prosperous year in this department.

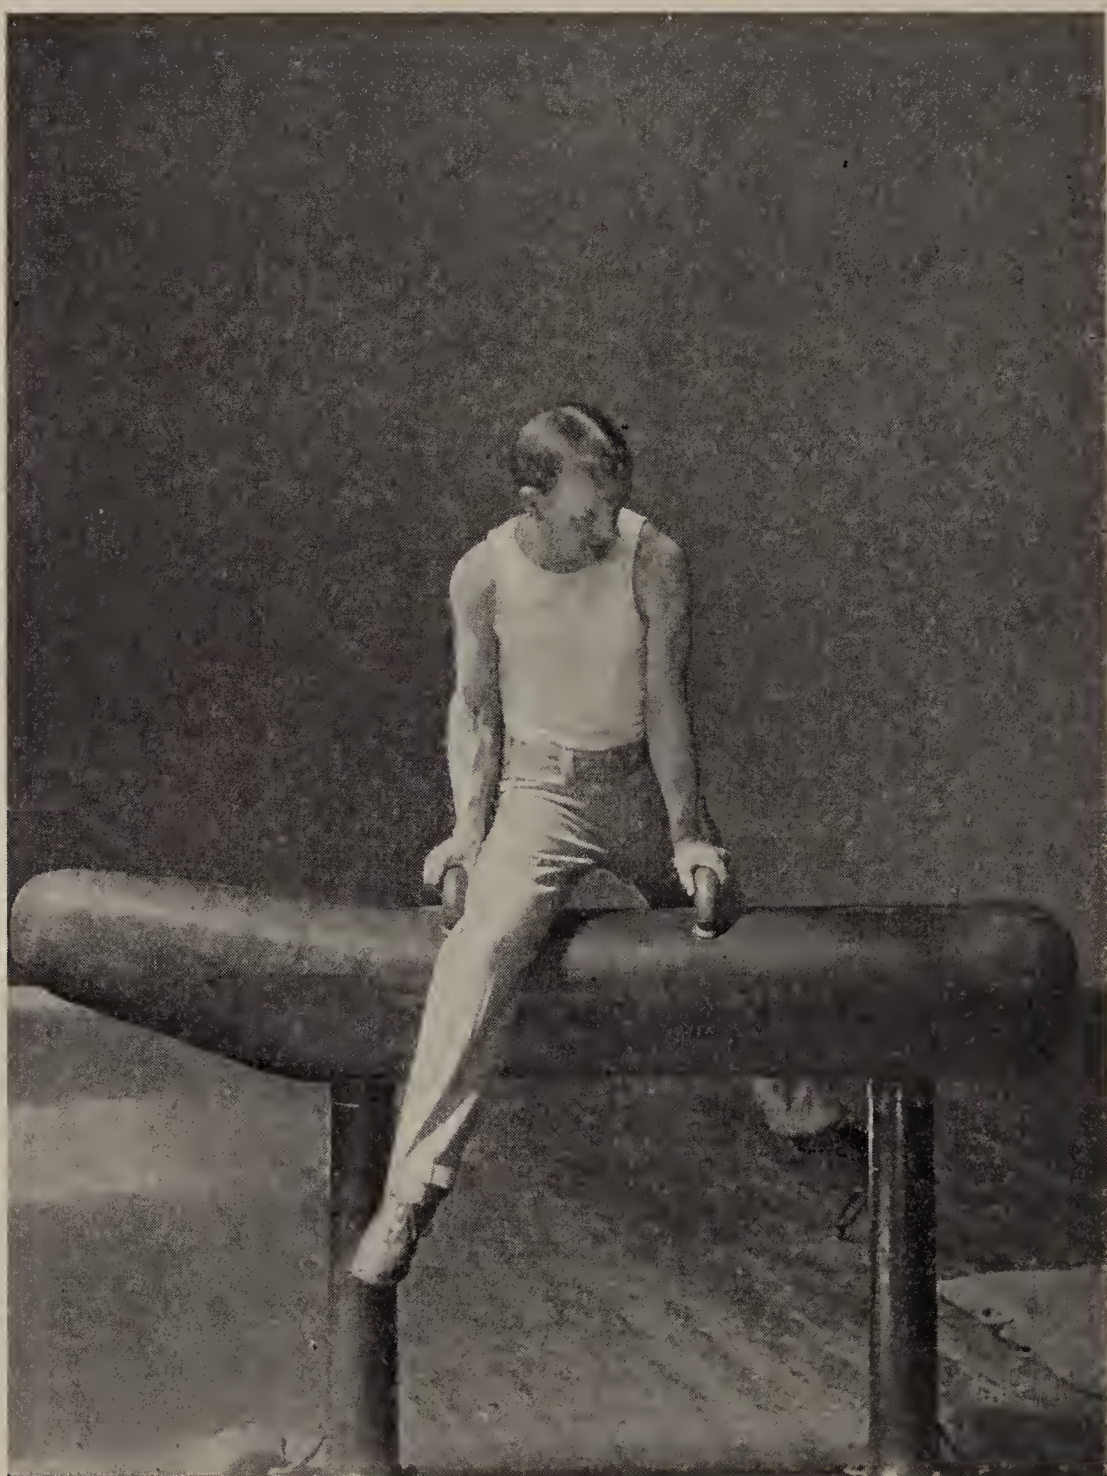

GYMNASIUM. The wide-spread interest in athletic exercise and sports of all kinds is nowhere more noticeable than in the Gymnasium, now regarded as one of the indispensable features of modern institutions of this character.

On April 1, 1908, there were **1,109 members** in the Union Gymnasium, which to-day is the largest in Boston. The very large attendance, especially in the evening, has often severely taxed the floor space, but the classes and exercises have been so arranged that overcrowding is avoided.

The unflagging enthusiasm which our members take in the Gymnasium and its work is shown not only by their practical suggestions to the Committee, but also by their inquiries for such thoroughly admirable features as a swimming-pool, bowling-alleys, drying-rooms, etc. Much as these additions are desired by the Committee, they must be deferred until the enlargement of our building—an urgent necessity—will admit of their being adopted.

The Classes, one of the most popular attractions to all gymnasium members, especially appeal to beginners,

CLASS WORK. as the exercises are easy and simple, and yet of great value in building up the body. Business and professional men, whose time is limited, find them of great benefit, and avail themselves of this opportunity to improve their physical condition at a minimum of time expended.

THE GERMAN HORSE

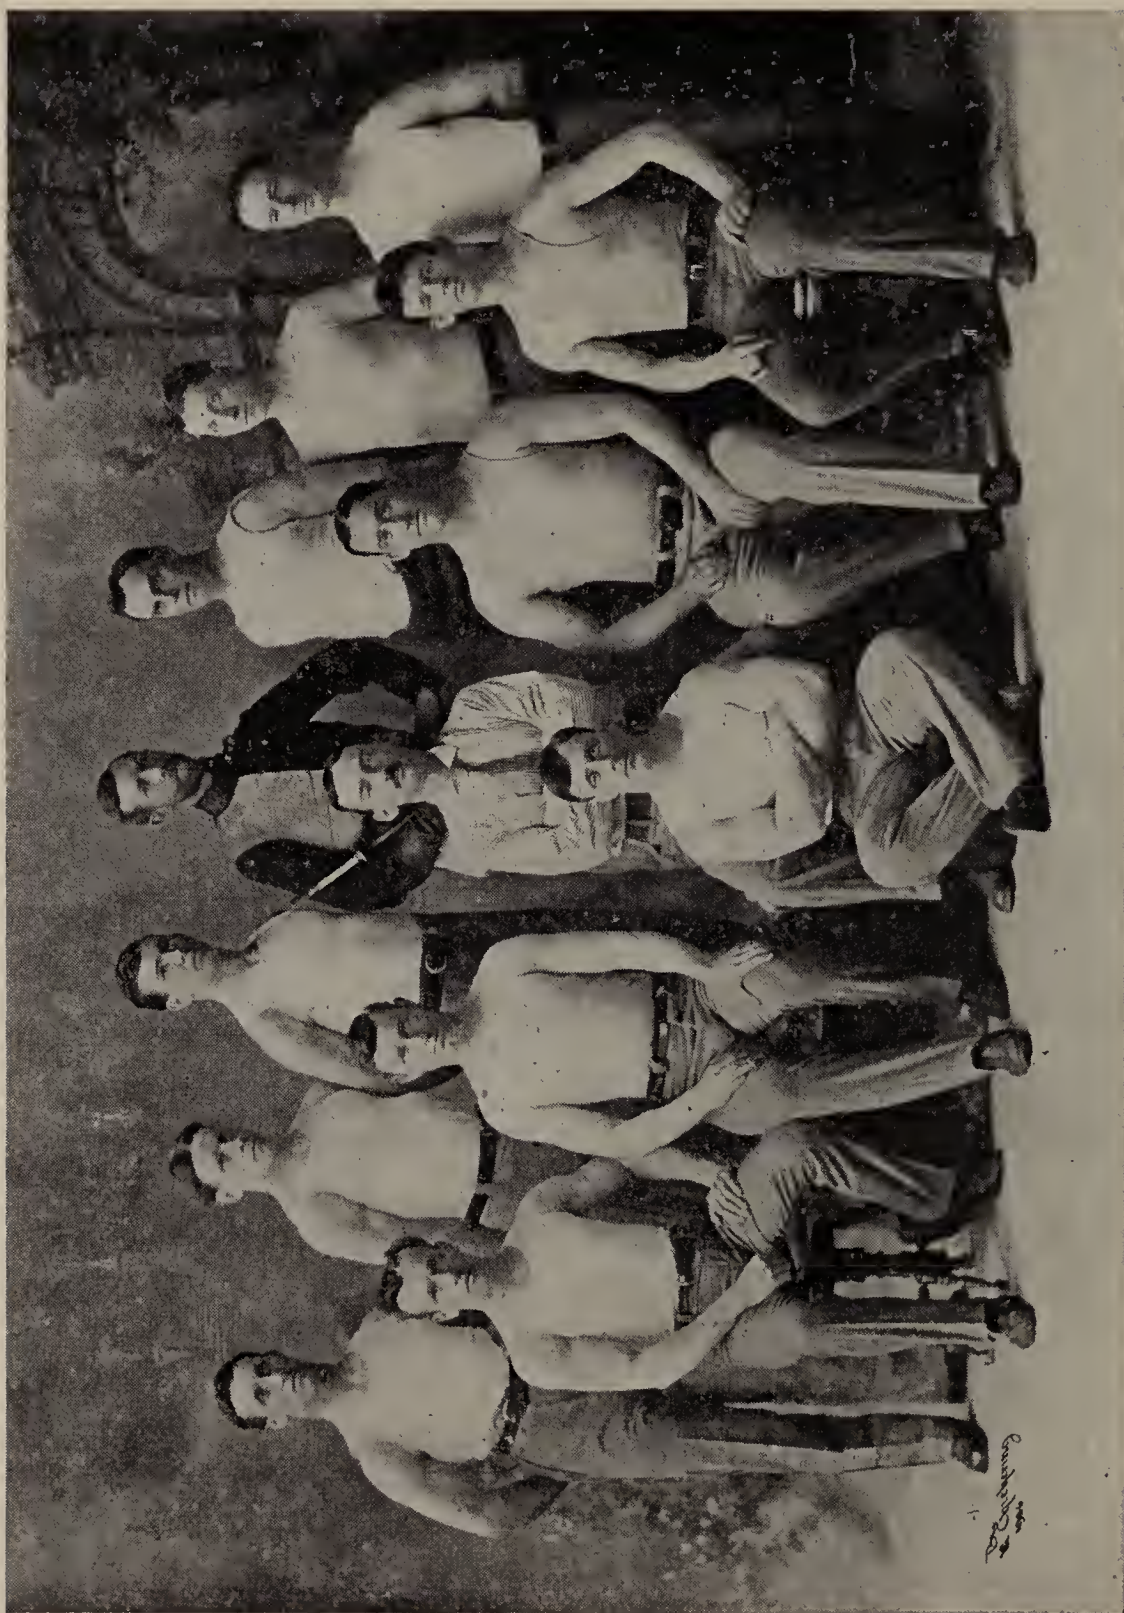

The classes are divided into the following: free movement, dumb bell, Indian club, high bars, parallel bars, German horse, vaulting, tumbling, boxing, and wrestling. The instructors and leaders are: Mr. German F. Hoffman, Superintendent; Mr. Everett F. Parks, Assistant Superintendent; and Messrs. Walter S. Robbins, B. J. Weston, A. H. Ross, Thomas L. Owens, E. H. Donohoe, and Lewis D. Whiting.

Music for the class work has been in charge of our **MUSIC.** pianist, Mr. Louis F. Korb, whose familiarity with the special requirements of this position has contributed in no small measure to the attractiveness of these drills.

The handsome white marble Hand-ball Court has been in constant use throughout the entire year; and **HAND-BALL COURT.** the exhilarating exercise which the game affords, together with the required skill and the friendly competition, have been of great physical and mental benefit to large numbers of young men.

Among the important adjuncts of all gymnasiums are the bathing facilities. The Bath-rooms, both **BATH-ROOMS.** general and private, are models of construction and cleanliness, being under constant supervision by a special attendant. They are thoroughly equipped with the latest appliances, which make hot and cold water bathing delightful and invigorating.

The dressing-rooms now contain a total of 1,324 **DRESSING-ROOMS.** ventilated lockers; and four private dressing-rooms, provided with extra large lockers, meet the special needs of many of our patrons.

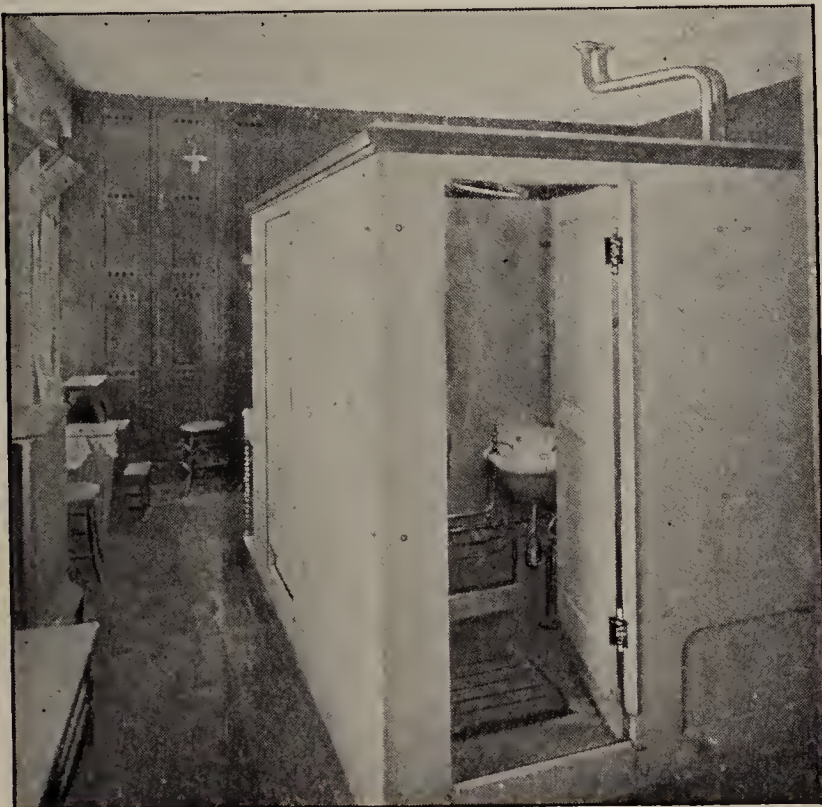

INSTRUCTORS IN THE UNION GYMNASIUM.

One public exhibition was given on March 13, on the stage of The Union Hall, the programme consisting of many novel and attractive features which gave practical illustration of the advancement and proficiency of the members, and greatly entertained the large audience present.

Our Superintendent, Mr. Hoffman, and his assistant, Mr. Parks, have both largely contributed to the effectiveness and popularity of the class work and the general gymnasium work; and they have also given personal care and instruction to such individual members as sought their counsel.

MASSAGE. The massage treatment remains in care of our expert masseur, Mr. Edwin F. Harding, and his services have been extensively employed by those who recognize the great benefit of this scientific treatment.

Special attention is called to the opportunity extended all gymnasium members for a free physical examination by our Medical Director, Dr. William R. Woodbury. The

**PHYSICAL
EXAMINATIONS.**

Medical Director's office is supplied with a complete outfit of the most approved appliances for the testing and measuring of those who take physical examinations, these examinations being also in accordance with the Civil Service rules and methods. Many of our members avail themselves of this examination and the suggestions of the Medical Director as to proper exercise, taking advantage also of re-examination at the end of the term to ascertain exactly what progress has been made.

The report of our Medical Director is herewith appended in full.

PUTTING THE SHOT.

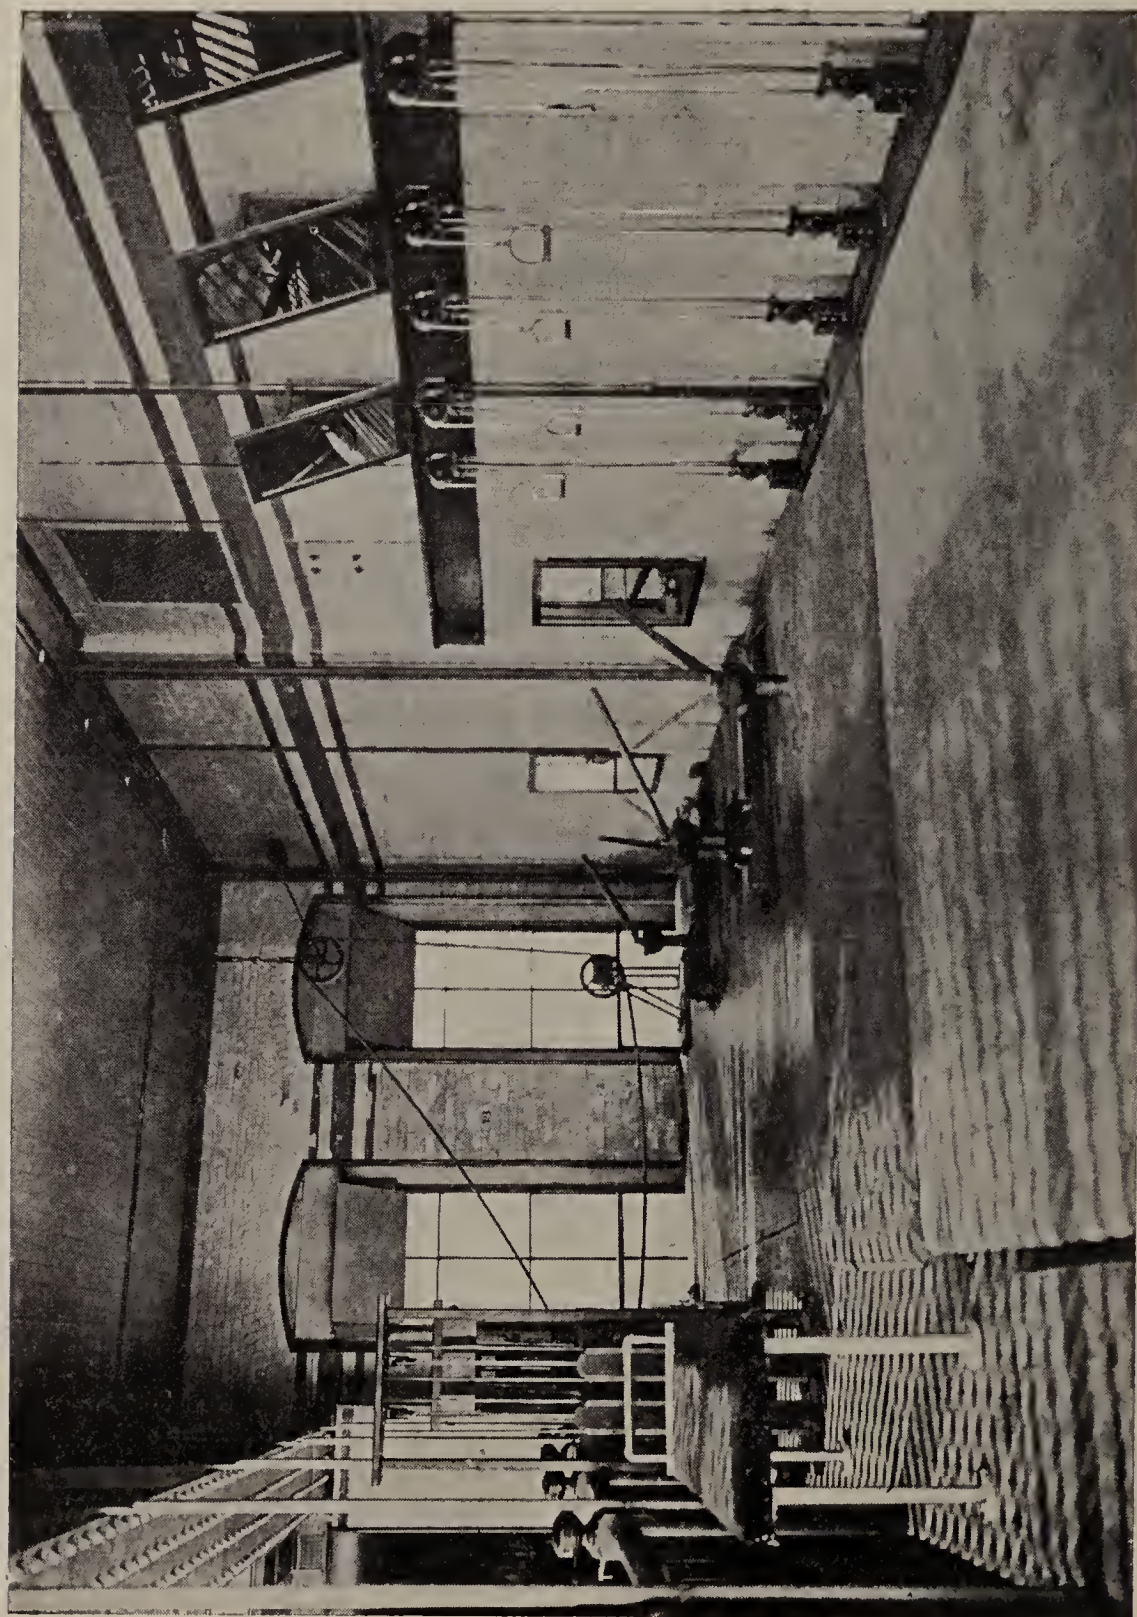

REPORT OF DR. WILLIAM R. WOODBURY,
Medical Director.

A man's ability to fight the battle of life under modern conditions with success and unimpaired vitality turns upon a good physique,—hard muscles, sound heart, freely expanding lungs, good blood. It also means the ability to perform certain feats of muscular and bodily effort with a certain degree of vigor and endurance.

Both of these the Union Gymnasium gives its members. Time, money, physical strength, can be saved by moderation in living and regular recreation. Squarely facing the demands made upon one and getting a true perspective of the situation prevents physical strength being spent too rapidly and lavishly.

Properly encouraged and judiciously exercised, the athletic spirit helps a young man keep his life clean, undefiled. It is a restraining influence against doing many things which he regrets when he is older and wiser. He regrets them seriously because they have worked upon himself and others irreparable injury. In a gymnasium he can spend in a wholesome and healthful way the pent-up vitality which the city young man must use somehow. Besides, the happy combination of gymnasium work and play—true recreation—is right good fun.

The young man in the city and the busy business man cannot run away and “go swimmin’,” but he can drop his cares for an hour two or three times each week in the gymnasium, and do more and better work. Many

business men use this privilege which the Union Gymnasium offers. More should use it. It is ready at hand; and it is a great privilege.

The Union Gymnasium does more than offer a man an opportunity to drop his cares at stated times and enjoy health-making recreation. It instructs him how to keep well, how to put into his life the largest possible amount of usefulness and pleasure. Every member who comes to the Medical Director for an examination—and every gymnasium member should meet the doctor before beginning his gymnasium exercise—receives a card giving the following useful advice:—

Drink plenty of water.

Eat slowly, and chew the food thoroughly.

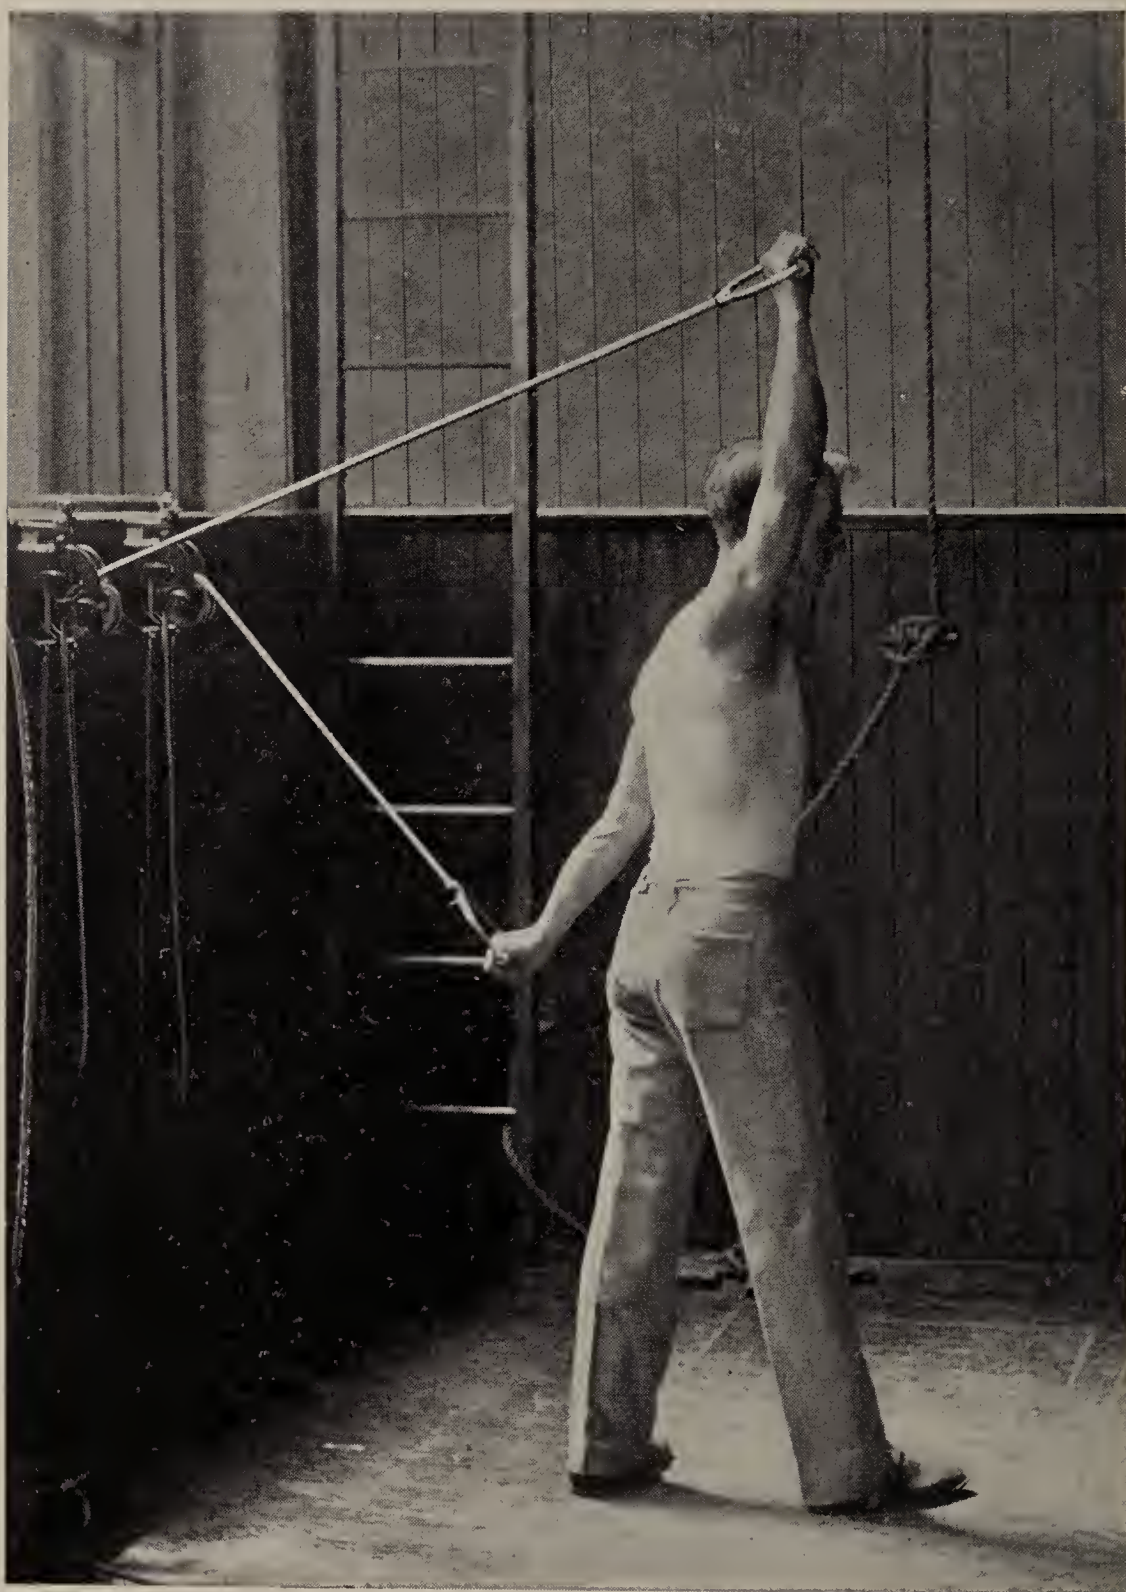

Every day at a stated time move the bowels: constipation is an evil and a breeder of evil.

Underclothing which is worn through the day should be removed on going to bed.

A warm bath should be taken at least once a week. Just before retiring is the safest time.

Have clean, fresh air in sleeping-room, living-room, store, office, workshop, and factory,—wherever you are. This past year the usefulness of the Gymnasium and the Union was broadened substantially. The most recent and the best books on hygiene and health have been added to the Library, and a list of the books upon those subjects is posted in the Gymnasium. This department of the Library is to receive particular attention. The gymnasium members are invited to make generous use of these books.

Sixty-three men joined the Gymnasium the past year to qualify for the Civil Service examinations. If any one doubts^{the} the necessity of a gymnasium training before going up for the physical tests required of candi-

CHEST WEIGHT EXERCISE.

dates for the police and fire departments, he needs but to see the men going through the examination by the Civil Service doctor. Men who have had no gymnasium training are badly handicapped. They do not know what to do, nor how to do it. They waste useful time; and they have but a small chance of securing a place on the eligible list.

Too many men make the mistake of trying to qualify for the Civil Service requirements in too short a time. Beginning gymnasium work four or five weeks before the examination is not sufficient time. Months of gymnasium work should be done before a man even tries to do the severest strength tests demanded by the Civil Service Commission.

The equipment and the working of the Medical Director's office are in excellent condition. It is in the closest co-operation with the gymnasium work, and it loses no opportunity to increase its usefulness. The Medical Director appreciates the generous co-operation of the President and Board of Government.

Respectfully submitted,

WILLIAM R. WOODBURY, M.D.
